Perth Amboy Television (PATV) Available to Verizon Fios Customers

Perth Amboy, NJ - The City of Perth Amboy announces the addition of two local access channels through Verizon Fios, Channel 46 and 47. PATV currently airs and will continue to air on Comcast, Channel 34, as it has for the past 20 years.

Verizon Fios Channel 47 is broadcasting as of this week, both the school and city programming. Channel 46 will solely display community information known as the bulletin board. "This will mean more outreach to our community and keeping our residents informed of activities, events and meetings in Perth Amboy on a greater level," stated Mayor Diaz.

Perth Amboy Television is a Public, Educational and Governmental Access Channel assigned to the City of Perth Amboy and operated by the Perth Amboy Board of Education. The facility is located at the Perth Amboy High School and is an integral part the District Technology Department. The channel is designed to disseminate information to both the community and parents. A Bulletin Board broadcasts notices, calendar, activities, schedules, etc. from all district schools and municipal offices and non-profit organizations. The station also serves as an emergency management tool as part of the City's crisis communication plan.

For additional information about the City of Perth Amboy or on programming on PATV, please visit: www.ci.perthamboy.nj.us, [PATV](#).
